

Reheating Rolls & Loaves

If you are consuming the breads as soon as they arrive, skip ahead to Step #3

1. Double wrap breads in plastic wrap and stick into the freezer
2. When ready to consume, remove breads from the freezer and allow to defrost
3. Preheat the oven to 350 - 400° F (depending on your preference for a dark crust)
4. Remove plastic bag and place bread into heated oven
* * * If reheating laugen rolls or pretzels, brush with water or melted butter and sprinkle desired amount of salt on bread
5. Bake rolls for 3 -6 minutes and up to 10 minutes for loaves
6. Take loaf out of the oven and allow to cool for a few minutes before eating.
7. Enjoy!!
